

# Parokya Ni Edgar, All Right

All right, I've had enough  
I don't wanna do this anymore  
All you ever think about is sex  
Your vanity, and the way that  
I would treat you bad  
I don't wanna hear your whining  
Quit your naggin n leave me be  
Just stay away from me and  
Shut your mouth  
Turn around  
Walk away and leave me

A L O N E !!!

STOP BUGGIN ME !!!

I'll walk away I won't look back  
Don't wanna look back  
I'll leave you behind  
There's no turning back this time
