Drop it like it's hot, drop, drop it like it's hot
Won't you bend it over and touch your toes
Drop it like it's hot, drop, drop it like it's hot

[Chorus: Cris-Style]

Make it wobble, make it flex
Love it when your body's shakin' in that dress

[Third Verse: Kangol Slim]

She touch her toes and watch her go
She shake it like a pro
When she pop with it, love it when she hit the floor

And make 'em bop with it
C'mon Baby girl drop it like it's hot with it
Now watch her go
She shake it like a pro
When she pop with it, love it when she hit the floor
And make 'em bop with it
C'mon Baby girl drop it like it's hot with it
She said she like Fifth Ward Weebie
And the group called P-N-C
Baby after this we can leave

We can flex and make it swang
Maybe after this me and you can hang
