

# Pascal Obispo, Live For Love United

Have you ever dreamed of playing for  
the biggest team there is on earth?  
Have you ever played at dreaming large?  
The time is now and you are the star

The ball is travelling in your direction  
Give it all of your attention  
Pick it up and pass it on  
That's what's gonna make us strong

## CHORUS

We will live for love united  
We will give for love united  
For moments like this  
For all those we've missed  
We will live for love united  
Come together undivided  
We will stand up  
For all the people of the world

Have you ever dreamed of flying high?  
Looking down from heaven with god's eyes  
You know. We could use some intervention  
Children needing your protection  
It's not enough to sing this song  
Lift the cup and pass it on

## CHORUS

I play for love united  
Juego para love united  
Jag spelar for love united  
Ne ngioka love united  
Je joue pour love united

We will live for love united  
We will give for love united  
For moments like this  
For all those we've missed  
We will live for love united  
Come together undivided  
We will stand up  
For all the people of the world
