

Passenger, Remember To Forget

Well, i am an over thinker
A daydreamer
A heavy drinker
An inbertweener
Propping up the bar
Like it's gonna fall down

Ai am a shit talker
A bad joker
A Johnnie Walker
A chani smoker
Everyone know it all over town

And i know we've just met
And you don't kno wmy deal yet
But i Wonder if you would

Help me remember to forget
Cos i dn;t wanna wake up yet
Stay with me through the night
Until the morning light
Help me remember to forget
