## Passenger, Remember To Forget

Well, i am an over thinker A daydreamer A heavy drinker An inbertweener Propping up the bar Like it's gonna fall down

Ai am a shit talker A bad joker A Johnnie Walker A chani smoker Everyone know it all over town

And i know we've just met And you don't kno wmy deal yet But i Wonder if you would

Help me remember to forget Cos i dn;t wanna wake up yet Stay with me through the night Until the morning light Help me remember to forget
