

# Pat Green, One Thing

I used to be so down and out  
I used to be so blue  
Now the only thing I talk about  
And the only thing I do  
Is stand around like a school kid  
Just off the merry-go-round  
And if I'm dizzy it's because I'm headed  
To the one good thing I'd found

(chorus):

Yeah one thing is good as gold  
I'm nothing without you too hold  
Yeah the one thing I know in this world  
Is that I need you to be my girl

I got so good at hiding  
I couldn't find myself  
Yeah but girl you got me smiling  
Feeling like somebody else  
I guess you changed my makeup  
I aint the same sad clown  
Yeah ever since you showed up  
This aint the same sad town

(chorus x2)

youre the one thing  
youre the one thing  
youre the one thing
