

Patti LaBelle, I Hear Your Voice

(Prince)
Out of the lonely blue

(Patti)
I I hear your voice
I I hear your voice
I I hear your voice calling in the night (cant take it baby)

I remember just like it was yesterday
I woke up baby, you were gone
I didnt even wanna tear myself up out of bed
Let alone, I didnt wanna carry on

(chorus)
Cause I could hear your voice (I hear your voice calling in the night)
I cant stop it (stop it) no matter how hard I try
I can hear your sound, your sound (I hear your sound calling in the night)
In a word, I feel like I wanna die

I started looking, lookin from dusk til dawn
For ways that I wouldnt miss you so much
I even bought a new dress (new dress)
But when I put it on
I could still (still) still (still) feel your touch (feel your touch)

And I could hear your voice (I hear your voice calling in the night)
I cant stop it (stop it) no matter how hard I try
I can hear your sound, your sound, your sound(I hear your sound calling in the night)
In a word, I feel like I wanna die (feel like I wanna die)

My friends tell me They say Patti find a new love
A bird in hand beats two in the bush
What my friends dont know, and I aint about to tell them
Is that youre the only one, youre the only one that knows what buttons to push

Oh oh it dont take no scientist to tell you whats wrong with me
No no no it dont take good vision to see what any fool could see
That I just need your body, I just need your fa fa fa fa face
Right where it counts, no not in another place
Im talkin about all up hey, & all down

Your every inch, you see I dont need ya cross town
You better read my lips, I need you here with me
I cant stop it, no matter how I try
In a word, I feel like I wanna die.
(I hear your voice)

I I hear your voice
I I hear your voice
I I hear your voice calling in the night

I hear your voice (fades out)
