

# Patty Loveless, Waitin' For The Phone To Ring

How many nights you cried  
So sad and lonely  
Wondering if he'll call  
Waitin' for the phone to ring  
Waitin' for the phone to ring

He said his love was true  
You want to believe him  
You're out there on a limb  
Waitin' for the phone to ring  
Waitin' for the phone to ring

How can you love a man  
When he holds you like dirt in the palm of his hand  
His kind will always stray  
After got through, he'll throw you away

Another night goes by  
He's not there to hold you  
You sit there like a fool  
Waitin' for the phone to ring  
Waitin' for the phone to ring  
Waitin' for the phone to ring, now baby  
Waitin' for the phone to ring

How can you love a man  
When he holds you like dirt in the palm of his hand  
His kind will always stray  
After got through, he'll throw you away

Another night goes by  
He's not there to hold you  
You sit there like a fool  
Waitin' for the phone to ring  
Waitin' for the phone to ring  
Waitin' for the phone to ring, now baby  
Waitin' for the phone to ring  
Waitin' for the phone to ring, now baby  
Waitin' for the phone to ring
