

Paul Carrack, Oh Oh Oh My My My

Since you ask me what it takes to love me
Get it straight right from the start
You've got to move me got to get this to me
Keep it coming right from the heart
Then Oh Oh Oh My My My
I will never let you down
Oh Oh Oh My My My lovers make this world go around
You've got to keep it uncomplicated
If you see my point of view
Plain and simply stated you must do what you must do
A lot of people spend their lifetime searching
Getting more and having less
You and me though
Now we've got this working every move is happiness
Then Oh Oh Oh My My My
Talkers talking, preachers preaching
Making life a misery
If they could feel every night what we feel
They'd wish they were you and me
Then Oh Oh Oh My My My
