

Paul Gilbert, Amy Is Amazing

Another night at home
Spending time alone
Never see the world outside
Got a friend in town
Invited me down
To go and see a show tonight
Eighteen thousand people in the crowd
Amy walks onstage and they freak out

And I'm going crazy
Amy is amazing
And I know that she can't go wrong
When she's playing my favorite song
And now I'm going crazy
Amy is amazing
One song and I changed my plan
All I want is to be her fan
Now here we go

Everything's a blur
But I'm pretty sure
She's looking me in the eye
Listen to her voice
Haven't got a choice
Love her 'till the day I die

Suddenly I'm feeling all teenage
Thinking 'bout some way to get backstage

And I'm going crazy
Amy is amazing
And I know that she can't go wrong
When she's playing my favorite song
But now I'm going crazy
Amy is amazing
And I don't wanna let her down
If she wants me to stay around
Now here we go

I ran back and found her dressing room
Amy left 10 minutes way too soon

And I'm going crazy
Amy is amazing
And I know that she can't go wrong
When she's playing my favorite song
But now I'm going crazy
Amy is amazing
And I wonder where she is now
Is she thinking of me somehow
In my mind I can see her smile
Yeah I know I will see her around
Now here we go
