

Paul Gilbert, Superloud

My superjet goes twice the speed of sound
Superloud, superloud
My supermind can hear in ultrasound
Superloud, superloud

All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all the time
Superdry all the time

My supergirl will meet me when I'm there
Superloud, superloud
Her supergirlfriends around us everywhere
Superloud, superloud

All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all the time
Superdry all the time

My superjet goes twice the speed of sound
Superloud, superloud
My supermind can hear in ultrasound
Superloud, superloud

All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all time
Superdry all the time
Supermusic, superdry
Supermusic all the time
