

Paul Weller, Sea Spray

Carry me home, carry me home
You old Sea Spray
Carry me home, carry me home
You old Sea Spray

Like the million stars before you
You shine through the strictest curfew
Not listening to the rules of noone
Just want to lay it open
Can you never see, what I can see?

Carry me home, carry me home
You old Sea Spray
Carry me home, carry me home
You old salt spray

Carry me home
You old sea spray

Sweep me up and take me with you
To see the things that stand before you
Show me all this world has for me
I want all that life can show me
I can only be what God can see

Come to carry me home
Comes to carry me home
Until he comes to carry you home

Carry me home, carry me home
You old sea spray
Carry me home, carry me home
You old sea spray
Carry me home, carry me home
You old salt spray
Carry me home, carry me home
You old sea spray.
