## Paul Weller, Sunflower

I don't care how long this lasts We have no future, we have no past I write this now while I'm in control I'll choose the words and how the melody goes, Along winding streets we walked hand in hand And how I long for that sharp wind To take my breath away again I'd run my fingers through your hair Hair like a wheatfield I'd run through That I'd run through -

And I miss you so - I miss you so No you're gone I feel so alone I miss you so

I'd send you a flower - a sunflower bright 'Cause you cloud my days messing up my nights

And all the way up to the top of your head Sunshower kisses I felt we had

And I miss you so - Oh baby I miss you so Now your gone, I feel so low - oh I miss you so, I do

But I miss you so - Oh darling I miss you so Now your gone, I feel so low - oh I said I miss you so, I do

All I gotta do is think of you - and I miss you so Baby I'm... I'm afraid to say why - I miss you so Baby I'm... I'm afraid to say why - Oh I miss you so
