

# Paul Westerberg, Tears Rolling Up Our Sleeves

People swear opposites attract  
I don't care about that  
Is it fiction or fact  
We're identically sad  
We're got tears rolling up our sleeves  
Nobody here's putting us at ease  
Is it fiction or fact  
We're identically sadv Never a moon on water shone  
You do here  
We're got tears rolling up our sleeves  
We're got tears rolling up our sleeves  
Pregnant for minutes  
And bored for hours  
not soon enough  
He'll be ours  
Is it fiction or fact  
We're identically sad  
To be with him for just one night  
would you throw away  
your whole damn life  
Never a moon on waterworks  
Just you and me  
We're got tears rolling up our sleeves
