Paula DeAnda, Roll The Credits

Roll the credits
boy in the begining
the begining it was me and you
I was bunny you were clyde
and we were running
we were running for the * we knew
Roll the credits
But then in the middle
in the middle you went adn changed the script
took a pencil and erased my happy ending
instead of loving you i feel so sick
roll the credits
i know you directed it
im sure i produced a bit
but why is that chick stealing my show
baby tell me who is she
i need to know her name and number
tell me who does she hand out with
when your not together
im aint gonna do nothing crazy
i just need you to hear me
roll the credits x2
and tell me how many of your friends you told
all about it
they said you working last friday night when i was calling
did you lie to all of them too
or was i just a fool
roll the credits x2
yeahhh
you worked undercover
gave her every single line i owned
and it doesnt make me feel any better
that you took her places we would go
roll the credits
i thought you were meant for me
my name should be on that screen
tell me why that chicks playing my roll
baby tell me who is she
i need to know her name and number
tell me who does she hand out with
when your not together
im aint gonna do nothing crazy
i just need you to hear me
roll the credits x2
and tell me how many of your friends you told
all about it
they said you working last friday night when i was calling
did you lie to all of them too
or was i just a fool
roll the credits x2
i know you directed it
im sure i produced a bit
i thought you were meant for me
my name should be on that screen
we werent even at the end
but you started additioning
and let somebody else star in my show
baby tell me who is she
i need to know her name and number
tell me who does she hand out with
when your not together
im aint gonna do nothing crazy
i just need you(i just need you)
to hear me baby.
