It's time to shine like the sun, it looks like candy,

So bitsy bitsy baby flossy bossy bet I do it right

Got my whole crew with me (Ladies) top down not a cloud up in The sky

Steppin up my spark and my shades lookin way to stunna,

Steppin up my spark

And u know I gots to keep it 100 (stunned out)

Feel up from head to toe in the spot or at the show (stunned out)

Feelin' like a million when we step up in the building (stunned Out)

Got me feelin' stunned out (heey whoooo)

Now I am feelin' stunned out (owww owwww)

Now I am feelin' stunned out (yeaaa a yeaaa)

Got me feelin' stunned out

Sunshine switchin' lanes

I stay steady to my name, they just can't get enough (them boys be watchin')

Skinny jeans and my brand new kicks gucci bags slippin' off my

Hips, it's time to show 'em what's upppp (they must be watchin')

So bitsy bitsy baby flossy bossy bet I do it right

Got my whole crew with me (Ladies) top down not a cloud up in the sky

Steppin up my spark and my shades lookin way to stunna

(Stunned out), steppin up my spark and u know I gots to keep it 100 (stunned out)

Feel up from head to toe in the spot or at the show (stunned out)

Feelin' like a million when we step up in the building (stunned out)

Got me feelin' stunned out (heey whoooo)

Now I am feelin' stunned out (owww owwww)

Now I am feelin' stunned out (yeaaa a yeaaa)

Now I'm feelin' stunned out
