

# Paulina Rubio, Undeniable

In your brightly painted room  
There's a trace of my perfume  
And even though the lights are all on  
It's always hard cos right before dawn  
Still it wasn't hard to see  
The something missing there is me  
And now it's undeniable  
There's nothing so reliable

Oooh  
True, we're through  
Pretending there's no two of us  
It's undeniable  
Simply undeniable  
Oooh  
True, that you  
Can just go on without me now  
It's undeniable  
Simply undeniable  
Oooh, True

Like a black and white cartoon  
I've been walking on the moon  
And someone else is pulling the strings  
Without you I'm missing , hurting, everything  
And now I know I can't survive  
Without you baby by my side  
It's simply undeniable  
There's nothing unreliable

Oooh  
True, we're through  
Pretending there's no two of us  
It's undeniable  
Simply undeniable  
Oooh  
True, that you  
Can just go on without me now  
It's undeniable  
Simply undeniable  
Oooh, True

It's undeniable  
There's nothing so reliable  
To me and you

It's simply undeniable  
It's undeniable  
Me and you

It's undeniable  
Me and you
