

Pea Sized, Baby

Take me,
make me,
empty inside.
Hold me tight,
I'm too weak,
baby.
Only wanna lose control,
Melt with you.
For a moment in time let me forget my distrust.

Kill the demons,
make them weep.
Clean the mirror,
make me see,
myself in a different way.
Wanna taste your sweetness,
in my bitter tea.

Take my frightened heart and let it blossom into a star.
Give all my fear to the wind.
With your skin,
Soft and warm.
With your skin,
Soft and warm.

Kiss those wounds,
Suck the poison,
don't stop.
If you want me,
don't stop.

Take me,
make me,
empty inside.
Hold me tight,
I'm too weak,
Baby.
