

Peabo Bryson, Through The Fire

I look in your eyes and I can see
You love so dangerously
Your not trusting your heart to any one
You told me you were gonna play it smart
Through before we start
But I bealieve we've only just begun
When it this good there's no saying no
I want you so I may let you go

Through the fire
Through land and to the wall
For a chance to be with you
I gladly risk it all
Through the fire
To what ever comes one day
For the chance to be with you
I take it all the way
Right down to the wire
Even through the fire

I know your afraid of what you feel
You still need time to heal
I can help if you only let me try
You have touched me and something and renewed
What I could have with you
Now I'm not ready to kiss that tear goodbye
When it's this sweet there's no saying no
I want you so I may let you go

Through the fire
Through land and to the wall
For a chance to be with you
I gladly risk it all
Through the fire
To what ever comes one day
For the chance to be with you
I take it all the way
Right down to the wire
Even through the fire

Through the tasks of time
Through the tasks of time
I'm waiting to go

Through the fire
To the land and to the wall
For a chance to be with you
I gladly risk it all
Through the fire
To what ever comes one day
For the chance to be with you
I take it all the way
Right down to the wire
Even through the fire

Through the fire
To what ever (Through the fire)
Through the fire
To what ever
Through the fire
To what ever (I'm fit to go)
To the wall
Through the fire
To what ever(I'm fit to go)

Through the fire
To what ever
Through the fire
To what ever (fire)
To the wall
Through the fire
To what ever (My my baby)
Through the fire
To what ever (Ready to go)
Through the fire
To what ever
Through the tasks of time
(Fade Out)
Through the fire
To what ever
Through the fire
To what ever
Through the fire
To what ever
To the wall
