Pearl Jam, History Never Repeats

History never repeats I tell myself before I go to sleep... Don't say the words you might regret I lost before,you know I can't forget...

There was a girl I used to know... Well,she dealt my love a savage blow... And I was so young,too blind to see... But anyway,that's history...

And I say,history never repeats I tell myself before I go to sleep... And there's a light shining in the dark Leading me on towards a change of heart...

You say I always play the fool... I can't go on if that's the rule... Better to jump than hesitate... I need a change and I can't wait...

I say...history never repeats I tell myself before I go to sleep... And there's a light shining in the dark Leading me on towards a change of heart...heart...

Never repeats...whoa...

History never repeats History never re... Deep in the night it's all so clear... I lie awake with great ideas... Lurking about in no man's land... I think at last I understand...

History never repeats I tell myself before I go to sleep... And there's a light shining in the dark Leading me on towards a change of heart...

Yeah!
