

Pearl Jam, Running

Pearl Jam prezentuje utwór "Running" z płyty "Dark Matter" (premiera 19 kwietnia 2024 r.).

Got me running

Got me running, got me running
But the race, it never ends
Got me running, or else I'm done in
You got me coming as you're going
And the chase, it never ends
I'll be running till the second coming

Dictator, love hater
Lost in the tunnel and the tunnel ain't no fun
Now I'm lost in all the shit you're flushing
Victrola, controller
Lost in the tunnel and the tunnel's getting funneled
Like the sewage in the plumbing
'Cause we left the fucking water running

Got me running

Got me diving, got me diving
Got me deep, I get the bends
When I'm summoned, or too late coming
You got me running, got me running
But the race, it never ends
I'm feeling done in, it's rather stunning

Dictator, love hater
Lost in the tunnel and the tunnel ain't no fun
Now I'm lost in all the shit you're flushing
Victrola, controller
Lost in the tunnel and the tunnel's getting funneled
Like the sewage in the plumbing
'Cause we left the fucking water running

Was cleared for, for lift off
Aborted my take off
Living in the shadows, crossing my fingers
A date with the gallows and a reprieve not looking likely

You got me running
You got me running
You got me running
You got me running
