Pearl Jam, The Ship Song

Nick Cave & amp; amp; the Bad Seeds cover

Come sail your ships around me And burn your bridges down We make a little history,baby Every time you come around

Come loose your dogs upon me And let your hair hang down You are a little mystery to me Every time you come around

We talked about it all night long We define our moral ground But when I crawl into your arms Everything comes tumbling down

Come sail your ships around me And burn your bridges down
