

# Pearl Jam, Thin Air

there's a light when my baby's in my arms  
there's a light when the window shades are drawn  
hesitate when i feel i may do harm to her  
wash it off cuz this feeling we can share  
and i know she's reached my heart, in thin air  
byzantine is reflected in our pond  
there's a cloud but the water remains calm  
reaching in, the sun's fingers clutch the dawn to pass  
even out, it's a precious thing to bear  
and i know she's reached my heart, in thin air  
yes i know she's reached my heart, in thin air  
it's not in my past to presume  
love can keep on moving in both directions  
how to be happy and true is the quest we're taking on together  
taking on, on, on, on, on...taking on, on, on, on, on...  
there's a light when my baby's in my arms  
and i know she's reached my heart, in thin air  
and i know she's reached my heart, in thin air  
and i know she's reached my heart, in thin air  
yes i know she's reached my heart...
