

# Pennywise, Fight Till You Die

Look all around you there's a war that's going on  
A struggle against the odds that's breaking out and must be one  
They're getting ready with the weapons they have found  
Take inspiration from the sound  
See it in the faces of the people everyday  
We need to take control and find some ammo right away  
our cause is righteous and we're gonna have our say  
Get ready for the judgment day  
Go ahead and try  
Or kiss your ass good-bye  
People of society are running for their lives  
Get up now and go  
Or your never gonna know  
Never gonna make it in your houses lying low  
Give it one good try  
Give it all and fight till you die  
A Puppet government  
Their dying in the streets  
Families are breaking up cause underpays can't make ends meet  
The establishment has put their money underground  
Cause they all know what's coming down  
A lucky precious with money in their banks  
Can't imagine what it's like to find yourself in homeless ranks  
They've got no conscience for the ones who won't survive  
The time for payback has arived  
All alone in your own society outside are the cries of lives in misery  
an evil plot of a false democracy subjugating souls just dying to be free
