

Pennywise, Time To Burn

Time - never bothered me
till I saw it slipping slowly away from me
and time took my years away
Give me back my memories of a better day
and now I've got a lot to lose
I've got a lot to learn
and no time to burn
Rain - spoiled a sunny day
Till I saw those cleansing drops took the
dirt away
and change always frightened me
till I changed into the man I always
knew I could be
