

Pennywise, Wake Up

woke up this morning
hoping for a better day
gotta make a change right now
gotta find a better way
i took a good look at my problems
and their piling up in my head
gotta take a chance right now
before i wind up dead

wake up my friend
someones knocking at your door
last chance for you
its time to even up the score
so many reasons for living
but you wont even try
wake up and take back your life

When i look in the mirror
i dont like what i see
im like a stranger in a foreign town
it doesnt even look like me
gotta find a way back to
the place where i belong
dont know where im going but
i know where im going wrong

wake up my friend
someones knocking at your door
last chance for you
its time to even up the score
so many reasons for living
but you dont even try
wake up and take back your life
