You think that I'm the devil  
But I told you I'd be your clown  
I couldn't help you if I was christ himself  
You've got your head right under the ground  
And you'd like me to get you out  
Of the jam that your in

I'll tell you flat don't you look at me  
I don't go floatin' for no 20 buck spin aww no  
And you run to me in the night time  
the look of fears in your eyes  
My one life's goal is survival  
I ain't got time for no rival oh no!
