

People Waldo's, I Dream

Chorus:

Can't you see
That love is all around me
Can't you see
That love is all around me, yeah!

I dream, oh
That I could stay forever with you
I dream, oh
That I could stay forever with you tonight!

I dream my dream in this dream with you
And we together share an ecstasy
So tell me where do you wanna dream
So come with me into my ecstasy
I dream my dream
I dream my dream
I dream my dream
I dream my dream, my dream, I dream my dream

Chorus

I dream my dream

In this dream of just you and me
So tell me do you wanna spend your life with me! dream, oh
That I could stay forever with you
I dream, oh
That I could stay forever with you tonight!
I dream my dream
I dream my dream, my dream, I dream my dream
I dream my dream

I dream my dream, my dream, I dream my dream
