

# Per Gessle, Do You Wanna Be My Baby?

I saw you rushin' down the street  
People were pushin' in the heat  
Well, I was stuck behind the wheel  
I guess y'all know how it feels  
Well, I was tryin' to keep your pace  
You kicked me flat out on my face  
You sent me cravin' on the moon  
Up to the air like a balloon  
How come you're lookin' so good?  
How come you're lookin' so fine?  
I wasn't ready for you  
Well, I was just passin' time  
Do you do you do you do you  
Do you wanna be my baby?  
Do you do you do you do you  
Do you wanna be my baby?  
I really gotta know, oh oh  
I really gotta know, oh oh  
It's really tricky to explain  
It's really crazy to stay sane  
Some things they happen really fast  
Some things are born and bred to last  
How come you're lookin' so cool?  
How come you're lookin' so fine?  
No one is ready for you  
I'm only passin' my time  
Do you do you do you do you  
Do you wanna be my baby?  
Do you do you do you do you  
Do you wanna be my baby? (wanna be my girl)  
I really gotta know, oh oh  
I really gotta know, oh oh  
I really have to know, oh oh  
Really wanna know, oh oh
