

Pere Ubu, Laughing

My baby says
We can live in the empty spaces of this life
My baby says
Far away the stars are coming all undone
My baby says
My baby says, But that's far away
and we're young
My baby says
And if the devil comes we'll shoot him with a gun
My baby says
We can live in the empty spaces of this life
My baby says
In the desert sands
our hearts are brighter than the sun
My baby says
When the devil comes we'll shoot him with a gun
My baby says
My baby says, And if he shows his face
we'll laugh
