

Perry Como, The Ruby And The Pearl

Can love be as warm as the ruby?
Can love be as pure as the pearl?
Just look in the heart of my love for you,
you'll find the ruby and the pearl . . .

My love will endure as the diamond,
and shine with the shimmer of gold.
It glows as the bright star above for you,
a thing of beauty to behold . . .

Come close and cling to my kiss,

stay close and share the passion of this . . .

Yes, love is as warm as a ruby,
and love is as pure as the pearl!
Just look in the heart of my love for you,
you'll find the ruby and the pearl!

You'll find the ruby and the pearl . . .

Music by Jay Livingston
