

Pesho, Higher (ft. KC Nwokoye)

Standing next to me
All I see is you
As I breath you in
Memories reappears
You're all I have
But tonight is still dead
If I have one wish
I would levitate

Join in high
That's
What about wild world
Hurry on!
Right on
Take me in
Stay in there
Overcame we ___
Newer losing breath
If I have one wish
I would gravitate
