

Pestilence, The Process Of Suffocation

Sceptical research of mind control
Fear of philosophical consequences
Theories given to master and use
the hidden abilities of your senses
Explore minds' mystery, and capabilities
a subconscious release
Distant perceptions from different times
Fragment from one's selfconsciousness
Deceptive visions can be so real
by trusting our gifted awareness
Mental force set free, personal energy,
magic strength in me
The level of perception, reach incomprehension,
Imagination, lost in confusion
Hypnotic state of reality
Offering gifts through which you'll see
The secrets kept from humanity
and secrets they will always be
The level of perception, reach
incomprehension,
Imagination, lost in confusion
The level of perception reflects an illusion,
Mind intuition, constructive delusion
