

Pet Shop Boys, So Hard (Extended Dance Mix)

I double-cross you
And you get mysterious mail
I've tried hard not to shock you
It's hard not to
With the things I could say

Tell me why
Don't we try
Not to break our hearts and make it so hard for ourselves
Why
Don't we try
Not to break our hearts and make it so hard for ourselves

You lock your letters in a box
And you've hidden the key
I go one better
I'm indebted
To a contact magazine

Tell me why
Don't we try
Not to break our hearts and make it so hard for ourselves
Why
Don't we try
Not to break our hearts and make it so hard for us

Everybody's got to live together
Just to find a little peace of mind there
If you give up your affairs forever
I will give up mine
But it's hard
So hard
I'm always hoping
You'll be faithful
But you're not, I suppose
We've both give up smoking
'Cause it's fatal
So whose matches are those

Tell me why
Don't we try
Not to break our hearts and make it so hard for ourselves

We make it so hard (it's so hard)

Tell me why
Don't we try
Not to break our hearts and make it so hard
Tell me why
Don't we try
Not to break our hearts and make it so hard for ourselves
Not to break our hearts and make it so hard for ourselves
We make it so hard for ourselves
We make it so hard
So hard
We make it so hard
