

Pete And The Pirates, Come On Feet

Come on feet

One two three

Basically lady when you call me today I thought, "Oh no"

I swear on the stead I just felt so unprepared to say, "Oh okay"

You don't touch the phone

You stay at home

Your smile is fake

And I like your face

Come on feet, Don't mess with me

And can you see how your head swells when you talk up yourself?

I think, "Oh no"

I messed up your bed, I messed up your head

I think, "Oh so what"

And don't fail me now

Get off the ground

It's not as far to go

You can't get me home

Come on, come on

It's not that hard to get it on

Come on, come on

It's not that hard to get it on
