Pete Murray, Dedicate

Don't you know it's a beautiful day
When I'm with you
And your smile let's me see
Oh you make my day

Do you remember when you told me
You couldn't see me?
I can still feel... feel the pain
Oh that I felt on that day

[chorus]
You were something that I wanted
And you know it all so well
And you were something that I needed
And it hurt like I was in hell

And your touch is so comforting
When you touch me
And to look at me
You set me free
You've made my decade

[Chorus]

Because you were someone to hold on to
You were someone to hold on to

And it's so good just to hold you
And to love you
You have totally changed my ways
You've made my decade

[Chorus]
