

# Pete Murray, See The Sun

Where's a word  
That we learn to know  
And where's a word  
That we should go

Can you be the one  
Can you see the sun  
With me

Hate's a word  
That we learn to use  
And vain's a sign  
That is old and abused

Can you be the one  
Can you see the sun  
With me

I'm here and I'm never gone  
I'm here and I'm never gone  
I'm here and I'm never gone  
I'm here and I'm never gone

Can you be the one  
Can you see the sun  
With me  
With me  
With me  
With me  
With me
