Pete & The Pirates, Knots

Get out of bed, i'ts the wrong one
Made out of lead get dressed instead,
Hit your head and get your shoes on
Get out of bed and get your socks on

Sometimes I can't see your face
It makes me sad

I fear my heart rate stops, just stares
I've reached the top,
I don't wanna drop,
My heads in knots
Erase myself
I'm free to hit the rock

Get out of bed, i'ts the wrong one
Made out of lead get dressed instead,
Hit your head and get your shoes on
Get out of bed and get your socks on

Sometimes I can't see your face
It makes me sad

I fear my heart rate stops, just stares
I've reached the top,
I don't wanna drop,
My heads in knots
Erase myself
I'm free to hit the rock
