

Pete Townshend, Now And Then

Now and then you see a soul and you fall in love
You can't do a thing about it
Now and then you see a soul and you fall in love
You can't do a thing about it
Now and then you see a soul and you fall in love
You can't do a thing about it
Now and then you see a soul and you fall in love
You can't do a thing about it

In you, I saw someone that I recognized
Had no idea what was in your mind
I met your eyes and I was hypnotized
I let our lives become entwined

Now and then you see a soul and you fall in love
You can't do a thing about it
Now and then you see a soul and you fall in love
You can't do a thing about it

I feel so badly, darlin', all the time
I have tortured you so long
But I am helpless in this pantomime
I am aware that I was wrong

Now and then you see a soul and you fall in love
You can't do a thing about it
(Can't do a thing about it)
Now and then you see a soul and you fall in love
You can't do a thing about it
(Can't do a thing about it)
Now and then you see a soul and you fall in love
You can't do a thing about it
(You can't do a thing about it)
Now and then you see a soul and you fall in love
You can't do a thing about it
You can't do a thing about it

For though you knew that I was twice your age
To make you laugh seemed youth enough
I thought we'd love and then you'd turn the page
I'd have to suffer your rebuff

And it was me who had the most to gain
Despite the fact that I now have lost
The only love that ever caused me pain
I feel like a double head was tossed

Now and then you see a soul and you fall in love
Now and then you see a soul and you fall in love
Now and then you see a soul and you fall in love

Now and then you see a soul and you fall in love
You can't do a thing about it
(You can't do a thing about it)
Now and then you see a soul and you fall in love
You can't do a thing about it
(Can't do a thing about it, no no no)
Now and then you see a soul and you fall in love
You can't do a thing about it
(Can't do a thing about it)

""RUTH:""

"Rastus? It's Ruth. Uh, I've got something to show you. Look, it's a bit complicated. I've got Ray wh
