

Peter And The Test Tube Babies, Big Mouth

Gotta big mouth, your talking shit.
But you don't know you're saying it.
You're talking shit, all day long.
And all you say is always wrong.

You've got a big mouth

Got no friends and I'm not suprised.
Because you tell so many lies.
No-one listens to what you say.
'Cos it's all bullshit anyway.

You've got a big mouth

You're voice stands out, in the crowd.
'Cos you are, so fucking loud.
You cheat and lie, all day long.
What you need, is a fucking gag.

You've got a big mouth so keep it shut !
