

# Peter Andre, Tell Me When

Trust in me now  
All the words that I hear  
How can I doubt?  
When it sounds so sincere

I've never asked for anything  
And yet I'm asking for you my love

Times you would say  
There were things to amend  
All else aside  
Baby you're my best friend

I'm giving all I got to give  
Baby, ready or not, I'm yours

Chorus  
I'm giving the world to you  
There's nothing more that I can do  
I don't need nobody else  
I'll give it all...Tell me when

Last night I had you on the phone  
Thinking about you, maybe you weren't alone  
I'm living in a lover's dream  
But I've built up my confidence

I'm giving the world to you  
There's nothing more that I can do  
I don't want nobody else  
I'll give it all...Just tell me when

Just one more try and I  
Will show you how much I'm reelin' for your love  
One more chance, I know I'll get it right  
Baby I can do it  
Cos' it's all for love

I'm giving the world to you  
There's nothing more that I can do  
I don't need nobody else  
I'll give it all...Tell me when

Give me one more chance now  
Cos' you're always on my mind babe  
Give me one more chance girl  
Cos you know you're on my mind baby

Repeat to Fade
