Peter Bjorn And John, Lay It Down

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

You sure can get it up At least that's what you say You don't know how to stop You just can't walk away

And when we saw her face You said she's something else I know you just can't wait It's more than I can take

You just can't play it down (x2) You just gotta lay it down

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

It's getting hard to see Through all our history I guess it's in your blood On that we can agree

And when we saw her face I said she's something else She was your only hope And still you let her down

You just can't play it down (x2) You're just gonna let her down

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

Hey, shut the fuck up boy You are starting to piss me off Take your hands off that girl You have already had enough

Oh-oh (x3)
