

Peter Bjorn And John, Roll The Credits

Let's take the easy way out,
Let's move away for good,
Let's pull the curtains down and leave.
It's between me and her now,
Can't separate at all,
Let's put the cards back in the sleeve.

She's stepping on my shoes
And I couldn't want it more
That way I always know she's close
She's like a big orchestra
Playing my tiny tune
Let's pull the curtains down and leave
