

Peter Cox, Strange

You want to give it up
You can't let go
You wanna say goodbye
But say hello
I wonder what the world looks to you, mmm

Doing the thing with your fingers in your hair
You don't need to act like you're ain't scared
Because I wouldn't want you any other way

So don't change baby
Coz I love how strange you are
And I don't know what you do
But when I kiss your lips
I feel no pain baby
I just love how strange you are
From the secrets in your eyes
To your finger tips

Baby, I love how strange you are

Now I don't wanna wait until it's dark
I wanna light you up and watch the sparks
No one ever got to me like you
Mmm
I might be a fool if I let you get away
And I belong to you if you will stay
I will always want you just the way you are

So don't change baby
Coz I love how strange you are
And I don't know what you do
But when I kiss your lips
I feel no pain baby
I just love how strange you are
From the secrets in your eyes
To your finger tips

Baby, you're the only one who moves me
I don't want nobody else
You're the kind of strange I can understand
Coz I'm kind of strange myself
Kind of strange myself

So don't change baby
Coz I love how strange you are
And I don't know what you do
But when I kiss your lips
I feel no pain baby
I just love how strange you are
From the secrets in your eyes
To your finger tips
