

Peter Frampton, Golden Goose

Golden Goose

All I need is the time to recharge, ooh yeah
Yeah, got the picture baby, we must enlarge, ooh yeah

Some day to shake, shake my hand
Cause I play singer with the band
Who calls fire and runs away
Cause no one listened yesterday, yesterday

Now I see we're at the point of return,
At the point of return
You know, it takes a while but I guess I can learn
Ooh baby I want to learn

Midnight sun, I'm on the run
No more walking, shoot the gun
Well my waiting's over, turn me loose, turn me loose
I ain't nobody's, nobody's golden goose

Scold me, hold me close to you
If you only held the clue, held the clue
Under, over, inside me
Well it's funny, funny how we do agree
Yeah, how we do agree

Golden goose, turn me loose
Golden goose, turn me loose
Golden goose, turn me loose

Ev'ry time, ev'ry time I try to come back
Cause there just ain't no guidin', no guidin' track
Well if you don't know me then you never, never will
Oh, just like the doctor I don't need it
You can keep the pill when I'm ill

I ain't nobody's, nobody's golden goose
Yeah, let me loose, ooh golden goose
Turn me loose, golden goose
Yeah turn me loose, golden goose
Let me loose, golden goose
Let me loose
