I've been checking over my shoulder  
Something's following me  
The back of my neck is feeling much colder  
It's there but I just can't see  
One day I'll meet it and that'll be that  
I know I'm going to beat it, it's a natural fact

The bigger they come - the harder they fall  
The bigger they come - the harder they fall

I've been ducking down some deep dark alleyways  
I've done some divin' around  
Blindly feeling my way through the city  
Got my ear to the ground  
I've got to shake it this feeling so bad  
It could be the best time that I've ever had 'cause

The bigger they come - the harder they fall  
The bigger they come - the harder they fall

Here comes a merchant  
he wants money in his hand  
I know that he won't listen  
He just don't understand  
They creep out after midnight  
They sliding all around  
Working on the night shift  
It's going on all over town

The bigger they come - the harder they fall  
The bigger they come - the harder they fall
