

# Peter Gabriel, Make Tomorrow

Put on the dress in which you were married  
Pull down the veil til your eyes are hid  
Can you remember where we both came from  
Let us do as we did

Look at tomorrow today  
Making tomorrow today  
Making tomorrow today  
Making tomorrow today  
Make tomorrow  
Make tomorrow  
Make tomorrow today  
Make tomorrow  
Make tomorrow  
Make tomorrow today

Put back the photo under your window  
Put down the phone that you hold in your hand  
Put away these things that stand in between us  
Let us be what we can  
When it seems  
Hopeless  
When it seems  
Hopeless

Make tomorrow  
Make tomorrow  
Make tomorrow today  
Make tomorrow  
Make tomorrow  
Make tomorrow today  
Make tomorrow  
Make tomorrow  
Make tomorrow today

What better measure of what you were doing here  
Then what you can leave behind  
All the children of your children's children  
Do you ever think what they're going to find  
Make tomorrow  
Make tomorrow  
Where the sacred meet the scared  
Make tomorrow  
Make tomorrow  
Where the dreamer's dream is dared

In each of us  
A dream can burn like the sun  
Let's try it all one more time  
To get this lesson learned

Sitting up in a spaceship  
Looking down at the earth  
You wonder what they all stuggling for  
What's it all really worth  
Making tomorrow today  
Making tomorrow today  
Make tomorrow  
Make tomorrow
