Peter Gallagher, Still I Long For Your Kiss

I know I shouldn't but I want you so bad I know it couldn't be but I want what we had I know our love is gone and I can't bring it back Still I long for your kiss Still I long for your kiss I know it's over cause you told me so I tried to leave but I can't let you go I can't believe you don't want me no more Still I long for your kiss Still I long for your kiss The days go by but they don't seem the same I cry and cry and I call out your name I go downtown I see your face Nobody around can take your place You put me down You turned me away Still I long for your kiss Still I long for your kiss
