

Peter J. Birch, Gallants

Come over here pale
Join me in this mess
Bring us some booze,
Weed and snacks

Don't you think that
We're kind of psychopaths?
25 years of our life

But what important is ahead
In general

I'm sure we'll never change ourselves
Because this spirit made us friends
It's tough to keep it in this town
I know you'll never let me down

I still remember
All the stupid things
We did together
As kids

And even if some fuck ups
happened to us
We go through it together
With no doubt

I'm sure we'll never change ourselves
Because this spirit made us friends
It's tough to keep it in this town
I know you'll never let me down

And even if some fuck ups
happened to us
We go through it together
With no doubt

I'm sure we'll never change ourselves
Because this spirit made us friends
It's tough to keep it in this town
I know you'll never let me down
