Socrates the Python

Today ...

Your problems are not

Of blind belief

That is or means

Belief ain't enough, belief ain't enough

The oracle of your age

Point towards the word

Psychological

You may freeze

You may fear

You may wince

And not hear

You can sick at the heart

When I say

"God is one";

Does God the word

Make you reel

And I mean, real

But it isn't God the father son or holy one,

But the key to your age

Get it together, and listen

With all the books

On the shelf

All the wisdom

With all the books

On the shelf

All the wisdom
